

18th Summer School in Risk Finance and Stochastics

ε-RFS^{τη'}

6-8 September, Athens

Dept. of Accounting & Finance
Dept. of Business Administration
Dept. of Statistics
Stochastic Modeling and Applications Laboratory

Dept. of Statistics and Actuarial - Financial Mathematics
Dept. of Financial and Management Engineering

Focus and aim of the school

- The goal of the school is to bring together people from academia and high level professional in order to provide young researchers, students and people from the market with the latest developments in the fast growing field of Risk, Finance and Stochastics.
- The focus is on quantitative techniques, ranging from abstract mathematical tools to applied machine learning methodologies with direct or potential applications in the exciting field of Risk Management.
- The lectures are provided by word-class academics in the field or by distinguished professionals.
- The school also focuses on providing a tribune for young researchers in the early career stages to present their research output and receive useful input.

History: 1st & 2nd Summer School -Samos island

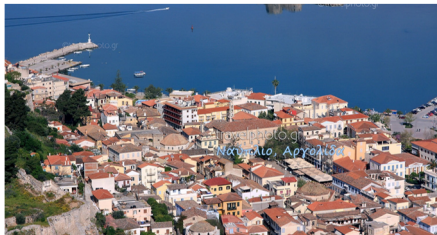

History: 3rd to 5th Summer School - Chios island

History: 6th to 16th Summer School - Athens

History: 8th Summer School - Nafplio

History: 17th Summer School - virtually

- So this brings us to the 18th summer school, the first one in the age of its maturity.
- We hope we will continue with the same zest in the exploration of this exciting field, keeping close to our original goals.
- We thank you all for joining us in this enjoyable and beautiful venture.
- We welcome you all with the hope of meeting all together in person for the 19th school (if situation allows).

With friendly regards,

Ioannis Baltas (U. of Aegean)

Georgios Kouretas (AUEB)

Georgios Papayiannis (HNA)

Andrianos Tsekrekos (AUEB)

Stelios Xanthopoulos (U. of Aegean)

Athanasios N. Yannacopoulos (AUEB)

This school is dedicated to the precious memory of:

George Demopoulos, Prof. Emeritus, AUEB

Spyros Hatjispyros, Prof. Univ. Aegean

who were friends and contributors of the school throughout its existence and sadly are no longer with us.
